WORK EXPERIENCE

Master's thesis

January - June 2024

AM Group / Skellefteå

Wrote my masters thesis in collaboration with AM Group. The thesis investigates how online booking systems could be designed to enhancing the users engagement and enjoyment of the booking process.

UX-design

Figma

Gamification

Frontend developer

June - August 2023

Acino / Umeå

Worked as a frontend developer at Acino in Umeå. I, together with another person, designed and developed a customizable homepage/dashboard for a digital product.

Vue

VS Code

Customer contact

Frontend developer

June - August 2022

Elecosoft / Skellefteå

Worked as a frontend developer at Elecosoft in Skellefteå. I helped them in the process of rewriting one of their products from Angular JS to Angular 12.

Angular

Visual Studio

Self-learning

PROFILE

Birthday 16 May 2000, Sweden

Driving licence B-license

Language Swedish (native),
English (fluent)

I am passionate about writing code and designing user-friendly applications. I am also eager to further develop my skills through new challenges and experiences. Having just completed my master's degree, I am now searching for my next adventure, starting in fall 2024.

EDUCATION

Master of Science in Engineering in Interaction Technology and Design

Umeå University

August 2019 - June 2024

UX-design

Programming

Project work

Exchange semester

Reykjavík University

August 2022 - December 2022
